

Sr. No.	Speaker	Topic
Role of potassium nutrition		
1.	Dr. Hillel Magen, Director, IPI and Dr. Patricia Imas, IPI Coordinator India	Role of potassium nutrition in balanced fertilization for soybean yield and quality-Global perspective
2.	Dr. G.S. Chauhan, Director, NRCS	Role of nutrition management in post harvest processing quality of soybean
3.	Dr. V.S. Tomar, Director of Research, JNKVV, Jabalpur	Role of potassium in abiotic and biotic stress management
Management of potassium nutrition		
4.	Dr. A. Subba Rao, Director, IISS, Bhopal	Potassium dynamics of Vertisols and associated soils and its use efficiency
5.	Dr. A.K. Vyas, Principal Scientist, NRCS, Indore	Role of potassium nutrition in balanced fertilization of soybean-wheat cropping system- Experiences from the NRCS-IPI project
6.	Dr. O.P. Joshi, Principal Scientist, NRCS, Indore	Management of potassium nutrition in soybean based cropping systems in the state of M.P.
7.	Dr. A.S. Dhawan, Professor of Soil Science, MAU, Parbhani	Management of potassium nutrition in soybean based cropping systems in the state of Maharashtra
8.	Dr. P.K. Gupta, Zonal Director Research, ARS, Kota	Management of potassium nutrition in soybean based cropping systems in the state of Rajasthan
9.	Dr. C.L. Patel, Dean. College of Agriculture, Navsari	Management of potassium nutrition in soybean based cropping systems in the state of Gujarat
10.	Dr. M.S. Gill, Director, PDCSR, Modipuram	Management of potassium nutrition in soybean based cropping systems: PDCSR experiences
11.	Dr. M.S. Brar, Professor, PAU, Ludhiana	Potassium nutrition management of soybean grown in North Western India
Potassic fertilizer policy		
12.	Dr. R.K. Tewatia Chief (AS), FAI, New Delhi	Potassium nutrition for balanced fertilization in India – Need of appropriate policy intervention from Govt. and Fertilizer industry
13.	Sh.S.S.Tomar, Director Agriculture, Bhopal, M.P.	Promotion of balanced fertilization in soybean based cropping systems in M.P.
